Legend

-  Possible Oil
-  False-Positives (not oil)
-  Suspected Point Source:
[27°58'3" N / 94°23'19" W]

REMARKS:

A possible oil slick can be seen extending almost 30 km to the southwest of a known oil platform located approximately 150 km southwest of Freeport, Texas. The anomaly is mostly shimmery in appearance under sunglint conditions and widens to about 2.5 km as the distance increases away from the platform.
